

LOCAL NEWS.

IMMIGRANTS COMING.—Messrs. Green & Wise, Real Estate Agents of this city, have through their energy and business enterprise done as much to bring immigrants to Virginia as any other Real Estate firm in the State. They have now a thoroughly organized system, having agents in England, Ireland, Scotland and Germany, as well as in the Canada and different parts of the United States. We have been shown a letter to them, from their agents in London, in which they say: "Your last Real Estate Bulletin arrived, and we are making good use of them. We send you a list of twenty-four gentlemen who will visit Virginia this summer for the purpose of seeing for themselves the properties which you offer for sale and the prospect and inducements which Virginia offers. There are also a company of gentlemen who are advertising for others to join them in locating a town in Virginia. We hope you may be able to accommodate them. One of our firm is also trying to organize a company, with a large capital, for the purpose of buying up lands and farms and as soon as this Alabama question is arranged will find no difficulty in finding the necessary capital. The first steamers of the Liverpool, Norfolk and Baltimore line are all full, and we expect there will be a large rush into your State this year."

RELIGIOUS SERVICES YESTERDAY.—The weather yesterday was cloudy and the temperature chilly, and the attendance at the churches there was somewhat smaller than usual. Dr. Packard preached at Christ Church in the morning; there was no service there at night. Rev. Mr. Roberts preached at the 1st Presbyterian Church, and Rev. Mr. Miller at the M. E. Church, and the pulpit of the M. E. Church South, in the morning, was occupied by Rev. Mr. Pritchard. The services in the other churches were conducted by the resident clergy. The following is a report of the work done during the day by the Young Men's Christian Association: "The Alms House services were very fully attended, especially from the neighborhood, and a full committee of the brethren were at work, and their hearts greatly encouraged in the interest manifested on the part of the congregation in the exercises. The usual Jail exercises were held with a full corps of workers, and their hearts likewise encouraged to work faithfully in this field. The Sunday prayer meeting, in the Baptist Church, had its usual good attendance and happy services, and the speakers on the occasion were very earnest in their appeals to the converted present." This meeting will be held next Sunday in the First Presbyterian Church.

POLICE REPORT.—James Dudley, not the plasterer, colored, committed to jail some time ago for stealing rope from a canal boat, was released on bail for his examination at Court. Hettie Clark, a woman hailing from Washington, for disorderly conduct at Fishtown, was fined and discharged.

James Archibald, on complaint of his wife, for disorderly conduct, was dismissed with an admonition. Frank Johnson, Lewis Tansmore and Edward Williams, colored, for robbing the milk house of Mr. James Deavers of Fairfax county, were committed to jail to await a requisition from the authorities of that county.

Laura Compton, for disorderly conduct, was fined and discharged.

James Brown, colored for stealing rope from David Muse, the captain of a canal boat, was committed to jail for further examination.

Mike Lobheimer, as an accessory to the theft for which Brown was committed, was released to appear at a future examination.

Henry Clark, alias Carr, for vagrancy, was committed to leave the city.

Charles Marshall on complaint of Robert Johnson, both colored, for an assault, was discharged and costs assessed against complainant.

Willis Washington, colored, on complaint of Laura Compton, for disorderly conduct, was discharged and costs assessed against complainant.

MAGISTRATE'S OFFICE.—Warrants were issued for the arrest of George and Thomas Arrington, charged with obtaining money under false pretenses from J. H. Watkins, agent of John Naglee.

NIGHT REPORT.—Night clear and cool. There were as usual no disturbances in the city proper. Five prisoners were at the station house.

SHIP YARD.—It is understood that a strong probability exists of the establishment in this city, at an early day, of a ship yard, the operations of which will be conducted on a large scale. Should such be the case, there is hardly a doubt that the undertaking will be a success, and that the proprietor will make money, for the facilities for carrying on the business afforded by Alexandria are equalled only in a few cities and excelled by none in the country. Lots, with docks of any required depth of water already constructed, and connected by short switches with the main tracks of railroads that lead directly to the points of production of the materials to be used, can be bought for what, in any other place, would be considered a mere song; and there is at hand a good supply of native skilled labor. Formerly three ship yards, at which the largest sized vessels were built, were in operation here, and they were all unproductive; and it is thought that the necessary repairs to the vessels trading to and from the river steamers, would now be sufficient to keep one yard actively employed, for many thousands of dollars are annually expended at the yards in Baltimore by boats from this city and the District of Columbia.

ALEXANDRIA WASHINGTON LODGE.—The Building Committee of "Alexandria Washington Lodge" No. 22, A. F. & A. M., have contracted with Mr. E. H. Delahay for the erection of their new building on Cameron street; the work on which will be prosecuted as soon as bricks can be obtained. This building, when completed, will be the finest structure in the city, and unequalled by any Lodge Building in the State—having a front of sixty feet on Cameron street, three stories in height, and surrounded by three towers—the elevation of the main tower being eighty-four feet. The second story will be occupied by Lodge No. 22—and the third story will be used by the Mount Vernon Royal Arch Chapter No. 14, and "Old Dominion" Commandery of Knights Templar.

COLOR-ODD FELLOWS' FUNERAL.—The remains of Richard Blackburn, colored, formerly a servant of Mr. John H. Brent of this city, were brought here from Washington yesterday evening by J. E. Cook Lodge of Odd Fellows, of which the deceased was a member, and other colored Odd Fellows of the District of Columbia, to the number of three hundred and twenty-five, and preceded by a band of music, were escorted to what is known as the "new burying ground," where they were interred. The colored Odd Fellows of this city did not take part in the ceremonies because they had received no official communication concerning the burial.

A DANGEROUS TRIP.—When the night train from Lynchburg arrived here yesterday morning, a colored man made his appearance coming out from one of the trucks of the ladies' car of that train. He was questioned and said that he had come only from the Water station and had been at work upon the Chesapeake and Ohio Railroad, but as he was covered with dust it is supposed that he came all the way from Madison Run which is a few miles this side of Gordonsville. He arrived safely with the loss of his hat, but he cannot say exactly where he lost it.

ADMINISTRATION NOTICE.—Letters of administration having been granted to the undersigned on the estate of Wm. D. Massey, deceased, all persons indebted to the estate are requested to make payment, and all to whom claims are indebted, to present the same for settlement. H. K. ELLERY, Administrator.

TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

FROM WASHINGTON.

WASHINGTON, April 29, 1872. CONGRESS.

In the Senate, to-day, a bill was introduced similar to that introduced into the House by Mr. Braxton some days since, authorizing the O. A. & M. R. R. Co. to construct a railroad and tunnel within the District of Columbia. Referred to the Committee on the District of Columbia.

An amendment of the rules was introduced, authorizing the limitation of debate on appropriation bills during the present session to five minute speeches.

Considerable debate occurred thereon, in which Messrs. Trumbull, Sherman, Cassidy, Cole, and others participated.

The House of Representatives was engaged in the usual Monday's call on States for bills and joint resolutions.

None were presented from Virginia.

From Utah.

SALT LAKE CITY, April 29.—The Mormon Conference met to-day. In the morning and afternoon about 8000 persons, including a large number of Gentiles, were present. Brigham Young presided at length. He thanked God for being permitted to be with his people again, and hoped the time would come when he might have an opportunity before a court of justice to prove the falsity of the charges against him. He defied all the people of the world to show any sign against his moral character. He was glad neither he nor his brethren had the power of God till they had wisdom to use it, or they might destroy all their enemies. He should demand from those who had been prosecuting them, all papers connected with their cases that they might know positively where their prosecutors stood. He praised the deputies of the United States who had charged, denounced the lawyers, scolded the saints who had not paid their tithing promptly, and finally, with his blessing, closed the conference here until next October.

Attorney General Williams, en route from Washington to San Francisco, passed through Ogden last night.

The Earthquake in Syria.

LONDON, April 29.—The particulars of the late earthquake in Syria, which caused such a terrible loss of life are now coming to hand. It appears that the fatalities were not greatest in the city of Antioch as the first dispatch intimated, but were heavier in the country in the vicinity of that city. A letter from Antioch, under date of the 4th of April says: "The American Protestant Church was severely injured and four of the American community were killed. All the members of the families of missionaries are safe. The number of persons killed in the city of Antioch is less than three hundred, but it is known that sixteen hundred people living in the surrounding towns and country where the shocks were as severe, if not greater, than here, were killed, and this number may be increased. The distress of the people will be only temporary, as the crop prospects are good. The supply of provision on hand is moderate. The correspondents of the London papers praise Rev. Mr. Powers, an American Missionary, for his assiduity in administering to the relief of the afflicted."

Summer's Position.

NEW YORK, April 29.—A Washington special of the 28th says: "Senator Sumner, during a conversation with a friend to-day, explained that he could not, under any circumstances, make a prominent part in any new political movement of whatever character. 'My convictions,' he said, are well-known and I cannot in view of my reputation and those convictions assume to be the leader of any party which does not come up to my requirements. I look upon the Cincinnati Movement with great interest as an endeavor to purify the republican party; but I cannot say one word or do one act to influence it for the evident reason that my motives might be misconstrued. I hope, however, that they will have the good sense to incorporate in their platform a plank endorsing the principles of civil rights for all."

"And if they do not?" said the friend. "Oh! I cannot go where my principles are not acknowledged, and if they do not adopt civil rights plank I certainly cannot support them."

The Georgia Bonds.

NEW YORK, April 29.—The Committee of the Georgia Legislature which has been in this city for the past three weeks examining and registering bonds issued and negotiated during Governor Bullock's term of office, concluded its labors Saturday. The committee has examined and registered, nearly \$10,000,000 in Georgia State and Railroad bonds, all of which were held in this city and vicinity, and on Thursday and Saturday the sworn testimony of the American consuls in Europe was received from foreign holders of about \$4,000,000 in bonds. This makes a total registration of about \$14,000,000 of bonds, the chief part of which, it is said, have been legally issued and negotiated, and the holders, who bought them in good faith, will receive pay in full, while those that have been illegally issued, if any, will be repudiated.

Consequential Damages.

NEW YORK, April 29.—A special from Berlin of the 28th says: "J. C. Bancroft Davis, who is now here, expressed his opinion in the presence of Bismarck and Otto von Bismarck, Minister, that the consequential damages would not be withdrawn from the American case by the Washington government. Prince Bismarck volunteered his opinion that the American position is entirely correct."

TORONTO, CANADA, April 29.—The Globe this morning publishes a dispatch from its special correspondent in Ottawa, stating that Sir John A. Macdonald has received a cable dispatch from Sir John Rose stating that the American government has abandoned the claims for consequential damages.

The Spanish Insurrection.

PARIS, April 29.—A dispatch from Paris to the Times says Don Carlos is not in Spain, but the governments of both that country and France know exactly where he is.

PARIS, April 29.—An official decree has been issued warning all Frenchmen against participating in the insurrectionary movement in Spain and providing penalties for all violations of the decree. Col. Charette, formerly of the Papal Service, has been engaged to keep the Pontifical troops now in France from taking up arms for either side in the struggle.

Mills Burned.

NASHEA, N. H., April 29.—The Sohegan mills in Millford, New Hampshire, were totally destroyed by fire last night, with the dry house connected therewith. The loss and insurance have not yet been ascertained.

The Markets.

NEW YORK, April 29.—Stocks strong and active. Gold steady at 121. Money firm at 6. Va. sizes 50, new 55. Flour quiet and firm. Wheat quiet and steady. Corn firm.

BALTIMORE, April 29.—Va. sizes, old 41; W. Va. sizes, 16 1/2. Cotton quiet but firm; low middlings 22 1/2. Flour very firm; Howard Street Superfine 78 1/2; do. Extra 84 1/2; do. Family 94 1/2. Western Superfine 78 1/2; do. Extra 84 1/2; do. Family 94 1/2. Wheat quiet and unchanged; sales of red Western at 200; Southern 210. Corn firm and active; white

Southern 65; yellow do. 68; mixed Western and yellow Western 68. Oats dull; no demand; Southern 56 1/2; Western 53 1/2. Rye dull at 95 1/2.

Weather Report.

WAR DEPARTMENT, OFFICE CHIEF SIGNAL OFFICER, WASHINGTON, April 29, 10 a. m.
Probabilities.—An area of low barometer will probably move eastward over southern Minnesota and Iowa toward Lake Michigan, with increasing to brisk and possibly high winds over lakes Michigan and Superior this afternoon and evening. Cloudy and threatening weather with rain will prevail from the Ohio valley northward and westward, and extend eastward over the lower lake region to-night. Clear and partially cloudy weather will continue over the New England, Middle Atlantic and Southern States. Dangerous winds are not anticipated for to-day except possibly over lakes Superior and Michigan.

Mr. S. Dealham,

Having just returned from New York, where he has been for some time buying for the firm of I. SCHWARTZ & Co.

("SAREPTA CLOTHING HALL.")

we take pleasure in announcing that we have now on hand the

SPECIAL NOTICES.

INSPECTION IN THE AIR.—At this season the vegetable world takes a new lease of life; but to the sensitive and delicate members of the human family it is a time of danger and often of great suffering. The moisture which rises from the earth and hangs suspended over it in the form of morning and evening mists and fogs, holds in solution, so to speak, the mephitic elements which produce fever and ague, remittent fevers, rheumatism, and many painful nervous disturbances, and which aggravate dyspepsia, biliousness and all minor ailments of the stomach and the bowels. This, therefore, is a critical period of the year, a season when the renovating, refreshing and purifying operation of the mightiest of all vegetable tonics and alteratives, Hostetter's Stomach Bitters, is salvation to the weak, and the best security for the continuance of the health and vigor of the strong. Now is the time not only to protect the system against the common ailments of the season, but to prevent the disorders incident to a warmer temperature. Let not the exhausting heats of the summer months find you unprepared to meet them. The course of Hostetter's Bitters, commenced now, will put all the physical energies in fighting trim, double the capacity of the internal organs to repel the causes of disease, refresh the brain and clear it of all hypochondriacal fancies, and place the whole system in an attitude of defense, with every available point fortified and secured, and so nearly invulnerable to untoward influences as it is possible for the human structure to be.

ap 29-eolw

THE "DOG DAYS" AND THEIR DANGER. At this season of the year, the blood apt to become impure; the appetite poor, the skin scaly, the body enfeebled; the system relaxed, making it susceptible to attacks of Chills and Fever, rheumatism, eruptions of the skin and the development of the effects of the injurious use of Calomel. All this trouble may be avoided by the use of a few bottles of Dr. TUTT'S Sarsaparilla and Queen's Delight. It is harmless in its effects, but a powerful enemy to disease. Try it, and you will find it a friend in need.

Dr. TUTT'S Liver Pills move the Bowels to a healthy action, not acting as it were mechanically, but they stimulate the secretions, and in a healthful and natural manner expel all impurities without weakening the body.

Dr. TUTT'S Hair Dye does not injure the hair. ap 29-eolw

DUTCHER'S LIGHTNING FLY-KILLER sweeps them off and clears the house speedily. Try it—Sold by dealer everywhere. ap 29-eolm
